Social Change Through Dairying

Governor's Stress

Mysore, April 10

When dairying gets established as a well-organised rural industry, it will act as a powerful instrument for social, cultural and technological change in the countryside, Governor Govind Narain said today.

Inaugurating a 10-day international workshop on integrated dairy industry at the Central Food Technological Research Institute, he said that it was only by increasing the availability of milk and milk products at reasonable prices that it would be possible to correct the protein-calorie deficiency in the most vulnerable sections of the society.

The dairy industry was basically a rural subsidiary enterprise of millions of small farmers and even landless labourers. Even traditionally, dairying was a part of an integrated farm system. A successful dairy project involving substantial sections of people in the rural areas would help to raise them out of their present poverty levels, he said.

Referring to the progress achieved in Karnataka, the Governor said that a dairy development project was being implemented in the State since four years with assistance from the World Bank. About 530 co-operative milk societies had been organised in four districts, each supplying more than 100 litres on an average.

Dr. V. Kurien, Chairman, National Dairy Development Board, Anand, who presided, traced the growth of dairy inudstry in the country.

The Khira dairy industry in Anand (Gujarat) had grown from two co operative societies started in 1945 into a huge organisation covering a quarter of a million people with a total sales of Rs 450 million, bringing about a social change, he said

The Union Government had asked him to restructure the vegetable oil industry on the lines of Anand, he said

Welcoming the gathering, who included representatives from 10 nations, Dr B.L. Amla, Director, CFTRI, said that the Institute had done pioneering work in develop ng baby foods and weaning foods.

Dr. Ramanathan proposed a vote of thanks.

Joint Meeting On Power Tariff

Mysore, April 12

A joint meeting of Chief Minister Devaraj Urs, Minister of State for Power K.H. Srinivas and Industries and Commerce Minister Azeez Sait is likely to be held soon to have a second look at the enhanced power tariffs.

Indicating this here yesterday, Industries and Commerce Minister Azeez Sait said that he was aware of the heavy burden imposed on the industrialists in the State due to the enhancement.

The Electricity Board had also been asked to take up the transmission line work linking Karnataka with Andhra to enable power supply from Andhra.

He accused the Centre of giving a "deaf ear" to the demand of the State for converting the Mysore-Bangalore line into broad gauge.

Welcoming the gathering, Confederation President B. N. Aradhya urged for conversion of Mysore-Bangalore line into broad gauge, feeder air service linking Mysore and declaring Mangalore as a free port. He also explained the difficulties caused to the industrialists by the increase in power tariffs.

Mysore, April 12

CO-OP BEEDI UNITS IN STATE SOON

Mysore, April 13

A 10-bedded hospital for beedi workers - the first of its kind in the country - was inaugurated this morning by Industries and Commerce Minister Azeez Sait in N.R. Mohalla.

Sri Sait said Karnataka had taken pioneering steps in ameliorating the conditions of beedi workers in the State. For the first time in the history of beedi industry, an act had been enacted in 1972 alone.

"I must feel proud that Karnataka is the only State in the whole of the country which has implemented measures of social justice in full for the beedi workers", he said.

The Government had also decided to form an apex co-operative society with branches as in Kerala for beedi manufacturing by workers. The society would start functioning in about six months' time, the Minister said.

He suggested that the present cess of 25 paise collected for beedi workers welfare fund should be doubled. He said he was opposed to the collection of provident fund from beedi workers.

In the Southern zone, comprising of Karnataka, Kerala, Tamilnadu and Andhra Pradesh there were about 9 lakh beedi workers and so far Rs 75 lakhs had been collected for the welfare fund. The number of beedi workers in Karnataka was five lakhs, Sri Sait said.

Divisional Commissioner Jayakumar Anagol presided. Additional Labour Commissioner Maqsood Ali Khan welcomed the gathering. Welfare Commissioner B K Jayarama Rao proposed a vote of thanks.

The hospital has been set up under the Beedi Workers Welfare Fund Act by the Union Ministry of Labour.

PLEA TO ENLIGHTEN MPS ON B-G

Mysore, April 15

Sri H.D. Talsidas Dasappa, MP and General Secretary of the AICC, called upon the State Government here today to enlighten the MPs regarding the "hitch" in the Mysore-Bangalore broad gauge proposal

Addressing a news conference, he said that apart from sleepers and land offered by the State Government, the Railway Ministry had asked the State Government to meet certain other new requirements The State Government was yet to agree on this.

He suggested to the State Government to have a second look at the Havanoor Commission's findings and improve upon it further. The commission had produced a fairly good guideline for determining backwardness, but it could be improved further, he said.

He described the talk of "class struggle" by the Chief Minister as a "political business acumen" of Sri Devaraj Urs. In a true democracy, class struggle had no justification The ballot box provided all the opportunity that was required to establish a Government of the choice of the people, Sri Tulsidas said.

State To Urge Centre On B-G

Public Works Minister S. Bangarappa told newsmen at Bangalore today that the State would urge the Centre to expedite the conversion of Mysore-Bangalore line. He would be meeting the Planning Commission and Railway Minister Madhu Dandavathe in this connection The State had offered several concessions, he said. [FOC]

Shortage Of Cereals Predicted

Mysore, April 20

According to a report of the International Food Policy Research Institute, India would be facing a shortage of 20 million tons of cereals by 1990. Dr. L.D. Swindale, Director, International Crops Research Institute for Semi-Arid Tropics, Hyderabad, said today.

Inaugurating the all India co-ordinated millets improvement project group meetings under the auspices of the Mysore University, he said that although India had a good paddy crop in Andhra Pradesh and built up a buffer stock of wheat, the "wolf was not far from the door". In view of the shortage of cereals predicted by the Institute, there could be no complacency.

He hoped that the agricultural scientists of the country would take note of this warning and make dedicated efforts to increase production of cereals.

THE BAHA'I FAITH

On April 21 will join Millions of Bahai's around the world in observing the proclamation of Baha-U-llah; prophet- ounder of the Baha'i Faith.

Over one hundred years ago, Baha-U-llah proclaimed the need for collective Security and the establishment of Universal peace. He taught that to achieve unity and peace, man must abandon his prejudices and learn to see himself as a world Citizen. Baha-U-llah said that the earth is one country and the mankind it's citizens

Baha-U-llah stated that the world with its conflicting groups, the hostilities of race, nation and class, would have to give way to a new and dawning world civilization To achieve peace requires a change of human nature. There must be a transformation of the moral values and instincts of man. We must be ready as the pioneers who built India to reconstruct society and self Baha-U-llah calls for us to let our vision be World-embracing rather than confined to ourselves. He gave us a blueprint of a world society in which peace unity and justice would prevail. He told us the price o world peace is world faith men united under the banner of one God, working to bring about the kingdom o God on earth.

The Baha'i Faith which originated in 1844 has now spread around the world and to o er 22,000 cities, towns and villages in India. Its teaching revolve around true basic Principles.

The Oneness o God, the Oneness of religion, and the Oneness of mankind. Baha-u-llah asserts that all religious come from the same divine source, that all prophets of God proclaim the world o God, and that religio is truth is continuous and relative not final and absolute.

Spread Education To Poor

—Ashok Mitra

Mysore, April 24

Degrees were awarded to 13,593 students in the 58th annual convocation of the Mysore University yesterday. They included 2,753 girls.

The hour-long lack-lustre function went on smoothly, Governor-Chancellor Govind Narain conducting ceremony in Kannada. The convocation was restricted to 541 post-graduates, 19 Ph Ds, 27 medalists and 34 prize winners.

C.S. Shivakumaraswamy, of M.A. topped the list of medalists. He secured six gold medals and two prizes. Among girls, S. N. Gayathri, also of M.A., stood first bagging four gold medals and three prizes.

Delivering the convocation address, West Bengal Finance Minister, Ashok Mitra, appealed to the younger generation to form a lobby which would plead that educational opportunities were not kept cornered by a handful, but were sprede all over.

He regretted that education had remained a luxury for the poor. Primary education was yet to filter down to the millions of the poorer households.

On the other hand, only a minority section of those who were emerging out of the universities could secure employment. Employment opportunities were shrinking with each day and society had little use for their skills. This was happening because the economy was languishing, he said.

Dr Mitra said that if the younger generation were to be ensured a greater order of security, they would have to grapple with the problem on their own.

He also appealed to the new graduates to use their skills to serve the cause of the poor.

Mysore, April 25

Bus Facility For Nanjangud Temple

Sir,-Nanjangud, on the banks of the sacred river Kapila in Mysore District, is a famous pilgrim centre. Every day thousands of devotees visit Nanjangud to have a darshan of Lord Srikanteswara.

At present, the KSRTC is runnigg number of buses to Nanjangud at regular intervals. Majority of the people who travel by these buses go to the temple. They have to walk a considerable distance rom the KSRTC Bus Stand at Nanjangud to the temple Even the people residing near the temple have to walk the same distance to the bus stand.

We request the KSRTC authorities that instead of making the KSRTC Bus Stand the last stop, the service should be extended upto the temple, making it the last stop. This will be a great help to the passengers.

New Advt. Policy By State Too?

[From Our Correspondent]

Bangalore, April 26

The Estimates Committee in its 13th report on the Departmemt of Information and Publicity has dealt with schemes to help small and medium newspapers.

The committee suggests that Government may formulate some other schemes through which they can help the small and medium papers and not patronise them by issuing Government advertisements. It also suggests that a separate department should be created to deal with advertisements and thereby relieve the department of the work of advertisements, so that they could devote more time to other functions.

While taking action, the Government observes that giving encouragement to the growth of small newspapers is the accepted policy of the Government. Though there is provision to provide loans and other facilities and machinery through Small Scale Industries and also to start newspapers on a co-operative basis, when Co-operation Department can help, it is found on experience that they have not in any way proved useful. The only means left is patronage through advertisements.

The Government of India has also accepted this position and recently the Minister for Information has declared that a new policy on advertisements to small papers would be announced (The policy has been already announced). The Government feels that this new policy announcement could be awaited and in the light of that the State Government's policy may be refashioned.

Rejecting the suggestion for a separate department for advertising, it has pointed out that no other State has a separate department for this purpose. Even in the Government of India, the DAVP forms a part of the Ministry of Information and Broadcasting.

New Power Rates Will Put Up Prices

Mysore, April 27

The increased power trariff in the State would impose a heavy burden on the middle class and it might add up to a cumulative increase in the prices of commodities also.

This was the opinion formed at a symposium on the "Karnataka Budget 1978-79" held under the auspices of the Planning Forum in the Department of Economics, Mysore University, recently.

While the symposium welcomed the expenditure on social welfare measures like rural housing, employment guarantee and cash payment of compensation for widows with no other income, it pointed out that a large deficit of Rs 120 crores might lead to inflationary pressure.

The taxation of rural rich by an agricultural holding tax, introducing a value added tax, abolition of octroi and greater emphasis on developmental expenditure on irrigation and power were also suggested.

Dr. M. Madaiah, Head of the Department, presided Faculty members Drs S.M. Veeraghavachar, B S. Sreekantaradhya, S. Nagaraju and students Balasubramanya, Chandrasekhar, Parameshwara and Jayadevappa spoke.

★ Sri B. Ramaiah, President, Devaraja Block Congress Committee, has resigned from the primary membership of the party.

Mahavira in his previous birth was a ferocious lion once when some sages were passing through the jungle, the lion perceived them coming near, but it turned almost docile. Such was the effect of the practice of Ahimsa or non-violence by the Jaina sages, said Dr. Vasantharaj.

One Strong Leader Essential, Urs

Mysore, May 8

The Janata Party's belief in collective leadership, their internal quarrels which found expression openly and the poor manner in which they were administering the country were chiefly responsible for the preset disturbe d conditions in the country, Chief Minister Devaraj Urs said yesterday.

Sri Urs, Speaker P. Venkataramana and other Congress (I) MLAs elected from the district were felicitated by the City and Rural District Congress Committees.

Speaking on the occasion, Sri Urs said that a country like India believed in having a single leader, who could command respect and lead the country. The country had Sri Nehru and Smt. Indira Gandhi after Independence. Even now a similar leadership was required.

Not realising this, a hue and cry was raised that Smt. Gandhi was a dictator and her followers were her psychopants, he said.

Criticising the Janata Party, he said that within a short span of 13 months, the peaceful atmosphere and discipline in the country had disappeared and every day there were incidents of lawlessness, strikes and police firings, Sri Urs said.

All these, had a great lesson for the Congress workers, he added.

Sri Venkataramana said that people suspected motive behind the several enquiries being conducted against Smt. Gandhi.

Smt. Soundaramma Venkatesh, President, City Congress Committee, welcomed the gathering. Sri A. M. Mallikarjuniah, President, Rural DCC, presented an address to the Chief Minister. On behalf of the MLAs, Sri K.Madegowda spoke. Sri B. N. Kenke Gowda proposed a vote of thanks.

SHAH'S PAT FOR MYSOREANS

Mysore, May 8

"People here have a greater sense of discipline" remarked Justice J. C. Shah, who visited Mysore yesterday. He described Mysore and Bangalore as clean and beautiful cities.

Justice Shah visited Kavery Arts & Crafts Emporium, Government Silk Factory, Chamundi Hills and Sri Ramakrishna Moral and Spiritual College. After visiting Brindavan Gardens, he left for Bangalore.

He was accompanied by his son, Satish Shah and his wife and Commission's Secretary P. R. Rajagopal. He was received by Deputy Commissioner S.R.Vijay. Divisional Commissioner Jayakumar Anagol called on him. Divisional Information Officer K. Vijay Kumar took him round the city.

Class Struggle has Already Started CM

Mysore, May 8

The class struggle between the haves and have-nots had started in the last Assembly elections alone, Chief Minister Devaraj Urs said yesterday.

Speaking at a function organised by the Chamarajendra Ursu Boarding School to felicitate him and Sri D. Jayadevaraje Urs, MLA, he said that the fight in the election was not between the Congress (I) or the Janata Party, but was between the rich and the poor.

The secret of his victory was the support given by the poor. Their votes, the invisible votes, had brought him victory, he said.

The struggle between the haves and have-nots was bound to come. It was already in the air and it could not be prevented. The elections were losing their caste influence and they were now being fought and won on grounds of ideology and programmes.

Agriculture Minister K. H. Ranganath presided. Dr. V. K. Gokak unveiled the portrait of the Chief Minister. Vice-Chancellor D.V. Urs announced that it had been proposed to create an endowment of Rs 5 lakhs in honour of Sri Urs and Rs 1 lakh had been collected for this purpose to begin with. Sri Krishnaswamy, Manager, State Bank of Mysore, presented the passbook towards the collection to the Chief Minister.

Drs. L. Basavaraju, Narayana Setty, J. S. Paramashiviah, Puttaraje Urs, S. Devaraje Urs and D. Vijayadevaraje Urs spoke. Sri Jayadevaraje Urs thanked for the honour. Sri Krishnadevaraje Urs welcomed and Sri M. N. Krishna Urs proposed vote of thanks.

Lawrence Was Growing Robust

Says Police Officer

(From Our Correspondent)

Bangalore, May 8

The Shah Commission resumed its hearing this morning. Further evidence of Dy. S.P. Visveswariah was recorded. While admitting that he had arrested Sri Lawrence Fernandes, he denied any ill treatment to him or causing of any injuries on his body. There was laughter in the court, when he said that on the other hand he found him growing stouter. Further proceeding is going on.

Earlier, Justice Shah rejected two applications filed by Advocate General Byra Reddy and Sri B. K. Ramachandra Rao questioning the appointment of the commission, its functioning and jurisdiction.

TRUCK FATALLY HITS 2

Mysore, May 11

Two persons were killed and three others were injured when a truck dashed against a cyclist and four workers of the K.R. Mills on Mysore-Bangalore Road on the night of May 9.

He also fatally knocked down a cyclist, Manchaiah. The injured persons were admitted to K.R. Hospital, where Krishnaiah succumbed to injuries.

Following the incident, the mill workers became restive, abstained from the night shift and blocked the highway. They are also alleged to have pelted stones on vehicles. Four vehicles are reported to have been damaged. The Police Superintendent and others rushed to the spot and persuaded the agitating workers from resorting to violence. The truck driver was arrested near Srirangapatna and has been remanded to judicial custody.

Introduction Of Chemistry Course Costs Job

Mysore, May 11

Sri L.V. Subba Rao, retired Principal of Government Junior College, Somwarpet, Coorg District, and a resident of Lingadahalli, Tarikere taluk, Chikmagalur district, told the Shah Commission Inquiry Authority here today that he had been compulsorily retired from service under Rule 285 of KSCR by the State Government during emergency for introducing Chemistry as a subject of study in the college.

He said that during 1973-74 he had introduced Chemistry, Biology, Zoology and Psychology in lieu of Physcis, Cnemistry, Mathematics and Biology in the college for the benefit of students and as per the request of the parents.

The PCMB course had been sanctioned in 1971-72, but even the minimum of 15 students did not come forward to take up that combination. So, it was not started during 1971-72 and 1972-73. The introduction of CBZ and Psychology course in the subsequent year had not involved in any extra expenditure. He had also received the approval from the Director of Public Instruction for the course in Oct. 1973.

Inspite of this, adverse remarks had been made against him "without justification" in the confidential report in 1974 resulting in his retirement, he said.

FP Operation Was Not Done

Says Coondapur Doctor

Mysore, May 12

Dr. Kullal, Assistant Surgeon of the Government Hospital, Coondapur, who had conducted operation on Smt. Sharbanu on Aug. 8, 1975, told the Shah Commission Authority today that Smt. Sharbanu had died of haemorrhage after the caesarean operation in the ward.

Sri K. Hussain Saheb, a teacher in the Government Higher Primary School Coondapur, has complained that his wife, who was full term pregnant, was forcibly subjected to tubectomy operation at the hospital and she died after the operation.

The doctor denied that he had performed any tubectomy operation on Smt. Sharbanu. During cross-examination, however, he said that he had not informed of this to Sri Hussain Saheb. While agreeing that Smt. Sharbanu died for want of blood, Dr. Kullal said that he had not informed Sri Hussain Saheb the need to keep blood bottles ready for the operation.

ANCILLARY UNITS NEGLECTED

Mysore, May 15

Industries Minister Azeez Sait strongly criticised the KSRTC and KEB for letting down ancillary industries set up by young technocrats in the State.

Inaugurating the ice plant of Forge Tools, Mysore, on the Mysore-KRS Road on Saturday, he said that these ancillary industries were "dead today" because the KSRTC and KEB were not placing any orders with them.

He said that about 50 educated youngmen had been selected for training by the KSRTC under the half-a-million job programme, when he was the Transport Minister. After training, these technocrats had set up ancillary industries to meet the needs of KSRTC and KEB, at Hubli and in Peenya. Our youth, who were second to none, needed only a little encouragement. But these units were dead today with no enthusiasm in them.

As an Industries Minister, he said he was ashamed to say this. He could not allow such a thing to happen.

The Minister congratulated Sri Rattehalli Ramappa and his sons on their new venture. Sri Ramappa was not only an industrialist but also a philanthropist, he said.

Welcoming the gathering, Sri R. Vasudeza Murthy, Chairman, said the plant had a capacity of eight tons. Sri R. V. Ganesh proposed a vote of thanks.

Report Exaggerated

Mysore, May 15

The Police Superintendent has said that the report published in some newspapers stating that 14 persons had been injured in a police jeep accident near Nanjangud on May 9 was "exaggerated".

In a press note yesterday, he said that there was a minor accident involving the police jeep of the Nanjangud Circle Inspector and three persons, including the jeep driver, had sustained minor injuries. Out of them, two were treated as out-patients and the jeep driver was progressing in the hospital.

OUR HOMAGE IN SILENT TEARS

Days became Dark, By setting of the light Crimson,

May our boats loaded with grief Sail,

Towards the goal set by him at Horizon,

Amidst the Tumults of stormy rain and hail.

Moving under the shadow of the tree you grew,

Having your ideals valid in view,

Beholding in the light of the torch you lit,

May we pace in the "foot prints on the sands of time" you left.

SRI H. NANJAPPAIAH

SENIOR PARTNER

M/s. Aravinda Parimala Works, Mysore.

BORN : 1909 **DIED : 1978**

We were dumb struck as in the early hours on that fateful day (May 2,1978) we came to know that you left us to adorn the pedestal at the Holy Feet of the Lord.

Thoughts came tp us in a crowded way of well knit incidents sweetly associated with our long relationship. You bound us with your genial-temperament, affable qualities, generous even to a fault. We found unconsciously that you had carved a permanent niche in our hearts. You were a Friend, Philosopher and Guide to us, our relationship rising above the normal business relationship.

Ah ! how cruel was the destiny ? Today you are not with us in a physical form. But you continue to live in our thoughts, actions and guide and lead us.

How proud we feel to have been associated with Aravinda Parimala Works, Mysore, a concern which at once cojures up in our minds the nobler thoughts, visions of your indefatigable efforts to build it up to earn the international acclaim. The Agarbathies manufactured in the Aravinda Parimala Works have found their way in sixty countries, carrying with them the sweet fragrance, across the oceans. Aravinda Parimala Works has come to occupy an unique position, earning the much coveted First Prizes for Exports from the Basic Chemicals, Phamaceuticals and Cosmetic Export Promotion Council for five years continuously in the agarbathi panel.

You took Aravinda Parimala Works to the Himalayan peaks, when it won the National Award fromthe Union Ministry of Industry and Commerce among the Small Scale Industries for our Export performance. This is a feat, unparalleled, in the long history of the Agarbathi Industry in the Country.

Inspired by the Father of the Nation, Mahatma Gandhi, you plunged deep into the Swadeshi Movement, calling for self-reliance so far Industrial Growth of the Country was concerned.

This simmering urge in you manifested in the starting of the agarbathi industry. Its beginnings were modest, quite modest and from scrach you built up the Agarbathi Industry, winning a pride of place not only in the agarbathies panel, but also in the Small Scale Industries Sector. You were a beacon light for all of us and many, many basked under your sunshine.

Revered Nanjappaiahjee, the Child you nursed has brought fame and name to its mother land. The lamp you lit, continues in its glow, to shed its radiance far and wide, inspiring the successive generations to scale the peaks of glory, proving themselves as worthy son of this great country of ours.

The clouds in the eternal sky continue to carry your message of nobility, honesty and integrity, as voiced in your "Meghamala", a literary piece of par excellence.

POET WARNS ON CASTE FEELINGS

Mysore, May 18

The caste and communal feelings were much more dangerous than the language issue,Dr. K.V.Puttappa, the noted Kannada poet, said yesterday.

Delivering the valedictory address of the 10-day third national integration language environment camp organised by the Southern Regional Language Centre, he said that while the differences regarding languages could be reduced, the caste and communal feelings had at times risen to the extent of posing danger to the unity of the country.

He appealed to the students not to accept everything simply because they had been passed on to them over the ages, but to develop the capacity to think and judge whether they were valid for the present conditions.

Smt. B. Symala Kumari, Principal in-charge of the Centre, appealed to the State Governments to come forward with financial assistance for organising such camps in the language of their State.

Welcoming the gathering, Dr. D.P. Pattanayak, Director, Central Institute of IndianLanguages, said that 100 students learning Kannada in Andhra Pradesh and Kerala were participating in the camp. Kannada was being learnt in almost all the States in the country, he said. Sri Lingadevaru Halemane, Camp Co-ordinator, proposed a vote of thanks.

Dada's Suggestion Not Acceptable

Mysore, May 23

Sri B. Basavalingappa, Member of the Working Committee of the AICC (I), today rejected the suggestion of five senior Congress leaders, iucluding Maharashtra Chief Minister Vasantdada Patil, as "unacceptable to most of the Congress (I) leaders".

Addressing a press conference, he said that the statement issued by Sri Patil, Sri Mohanlal Sukhadia and three others in Bombay onMay 20 for convening the pre-split AICC meeting of Congress (I) and Congress parties was like "an old man thinking of his youthful days".

Here he also referred to the statements of Messrs S. M. Krishna, S. Sivappa and Raghavendra Jahagirdar, AICC members, welcoming the move of Sri Patil, and said these were the very persons who thought that the Congress was the real Congress and the Congress (I) was not Congress at all. They never thought that the Congress (I) would grow in such dimensions as it was now.

When the Congress candidates in the recent Assembly elections held in South lost deposits and the impression of their existence was erased from the minds of the people, there had been a rethinking in the minds of the Congress leaders all over to regain their earlier positions, he said.

PROTEST RESULTED IN RETIREMENT
SAYS EX-POLICE OFFICER

Mysore, May 26

The conspiracy between a father-in-law and his son-in-law in the Police Department was responsible for his compulsory retirement as a Circle Inspector in the State Special Branch, CID, Mangalore, Sri B. Kamalakar Shet complained before the Shah Commission Inquring Authority today.

Sri Shet said that he had still a service of eight years and six months, when he was deliberately deleted from the promotion list and was retired on 28-8-75.

He alleged that until he came as an Inspector of Police under L. Revanna Siddiah, Police Superintendent,Chickmagalur,in 1970, there was not a single adverse remark against him in any of his confidential reports. Since he protested against the rude behaviour of thePolie Superintendent, Sri Revanna Siddiah bore grudge against him and worte adverse remarks.

The complainant said that an appeal preferred by him to the Inspector General of Police, Sri H. Veerabhadriah, to expunge the remarks made against him was rejected and a memo was issued to him, since Sri Veerabhadriah was the father-in-law of Sri Revanna Siddiah.

On this, Sri Shet said, he had preferred an appeal to the State Government, but there also it was turned down, because, at the time when the appeal was considered by the Government the same Sri Veerabhadriah was the Additional Secretary of the Home Department.

Venkatakppa (Chairman), S.M. Krishna, H.T. Reddy, H.M. Ismail Tabish, K. Rangappa, M. C. Perumal (Chief Whip) and Ramakrishna Hegde. Sri Hegde has since been elected to Rajya Sabha.

Among the 21 members to retire, seven belong to Congress.

The Chairman's place also falls vacant. Deputy Chairman R. G. Jahagirdar belongs to Congress. His term expires on May 13, 1980. Unless ruling Congress (I) gets a good majority and elects its own party man for the post, it will be difficult for the ruling party to have a smooth sailing in the Council. It may be recalled here that Congress (I) has suffered defeats twice already in the Council at the hands of the Opposition.

From Assembly, seven persons have to be elected to the Council. With absolute majority, the Congress (I) will be sure of five seats and Opposition two. The executive of the KPCC (I) has unanimously decided to field Law Minister Havanur, Dr. M.D.Nataraj and M. C. Perumal. The candidates for theremaining seats will be chosen by the Chief Minister.

Since P. Venkataramana is elected to the Assembly, his seat needs to be filled up in the Council. For this also calender of events has been announced. Ruling Congress (I) will have no difficulty in having its own choice.

The term of nominated members, M. V. Rama Rao, Shanta Mallappa Patil and Smt. Praveen C. Kamalani also expires on June 30.

Manorama Madhwaraj, Minister of State for Women and Children's Welfare, to appear before theAuthority in connection with the complaint of Sri B. MODIFIED INCENTIVES SOON

Mysore, May 29

Industries Minister Azeez Sait indicate yesterday that the modified scheme of incentives would benefit industrialists who provided employment for the people of the State.

Laying the foundation-stone of Shreeyas Engineering and Chemical Industries on Mysore-KRS Road, he said that the modified scheme of incentives was expected to be approved by the Cabinet on May 30.

Sri Sait came down heavily on the men in industries and commerce department who made it difficult for entreprenurs, particularly the small-scale industrialists, in setting up their new industries.

He also warned the pollution board that he would scrap it if it did not change its outlook and came forward with positive approaches towards entrepreneurs.

Company Chairman M.D. Shivananjappa presided. Managing Director C.L. Lakhani said the factory would manufacture dry cell carbon rods. Director J. R. Thanki proposed a vote of thanks.

"Samachar" Makes News In Tamil Weekly

Mysore, May 30

"Samachar", the leading English daily of the city, has made news in "Ananda Vikatan", the popular Tamil magazine of Madras.

Sri Madurai K. R. Rajendran, a contributor to the magazine, writes about the Mysore daily as follows in "Ananda Vikatan" dated May 14 :

"Newspaper for Three Paise-Some people might know about newspapers of higher prices in India. But the only newspaper which is priced at three paise in India is published from Mysore. Founded by Sri Swamy of Mysore, "Samachar" is published in English every evening. It has two pages. Within a few minutes of its release, it is sold out in the market.

Can a paper be published at a price lesser than this? Some time back, a paper by name "Madurai Bazar" was being published at five paise in Madurai".

Thiruvalluar's Literary Contribution

Mysore, June 7

Thiruvalluar, the author of Thirukkural in Tamil is a poet par excellence. His sententious aphorisms and apothegms have perhaps no equal. Composed in the short Tamil metrical verse called Kural,Thiruvalluar's sayings are lucid and endowed with artistic beauty and poetic grandeur, said Dr. M. V. Jambunathan, Retired University Professor, while addressing the Sarvabhasha Saraswathi Sangha recently.

The Thirukkural consists of three Cantos dealing with Dharma, Artha and Kama and contains 133 sections of 10 verses each. It is a vade-mecum on the code of conduct of man in all spheres of his activity. It has a universal appeal, and his ennobling as well as exhilarating in the ideas and maxims it conveys. A close study of the book and adherence to the precepts contained therein would be of immense benefit to any and every person, he said.

Earlier, Sri R. Krishnaswamy welcomed the gathering. Sri A. Narasimha Sasrry proposed a vote of thanks.

Plea To Preserve City's Environment

Mysore, June 8

Forty-three prominent persons of the city have made a fervent appeal to all concerned in Mysore to preserve the environment and distinctive character of the city.

In a joint statement issued on the occasion of the World Environment Day, they said that Mysore City had been known for its beauty both from the point of view of architecture and natural surroundings. Its wide roads and boulewards with majestic and flowering trees, open spaces for cultural and recretational activities, its beautiful parks in among neighbourhood and its auromatic and sandal smelling air, had given this city a distinct place in the human settlements of this country.

It was the duty of every citizen of Mysore to preserve these for posterity. New industries had to come up only after due consideration to their impacts on the quality of air with proper safeguards against pollution. Modernisation of old buildings etc. should be attempted keeping in view the distinct architectrual heritage of the city.

Brahmin Sabha To Go To Court

Mysore, June 8

The Akhila Karnataka Brahmana Maha Sabha may challenge the Government Order increasing the reservation of jobs to 58 per cent in a court of law, Sri P.H. Krishna Rao, President of the Mahasabha, indicated here yesterday.

Addressing a news conference, he said that the order of the Government was illegal and went against the decisions of the High Courts and SupremeCourt. It also went against the Constitutional provisions. The Maha Sabha had already presented a memorandum to the Government to immediately withdraw the order.

Brahmins, although socially and educationally advanced, remained economically backward The criteria for determining backwardness should be economic condition. But unfortunately, the number of backward classes had been unnecessarily iuflated in the Havanoor report, Sri Rao criticised.

Their quarrel, he said, was not with Havanoor,, but against the Government which had increased the reservation to 58 per cent.

Explaining the aims and objectives of the Maha Sabha, Sri Krishna Rao said that it was intended for presenting a united front for the cause of Brahmins. So far, 78 Brahmin Associations had become its members. The Maha Sabha was also conducting a census of Brahmins in the State.

Election To Panels, Senates

(From Our Correspondent)

Bangalore, June 10

The Assembly, commencing its sitting on Monday, is to elect as many as 102 members to the several committees, including Public Accounts, Public Undertakings, Estimates and Privileges committees.

Ruling Congress (I) has a strength of 102 in the house of 225 and can easily accommodate as many as 68 of its legislators in the several committees, leaving the rest to other parties. With little accommodation, even elections could be avoided.

The House will also elect five members to the Senates of Mysore, Karnatak and Bangalore universities. The motions will be moved by the Chief Minister for these elections. This will be followed by a general discussion on budget estimates for 1978-79.

The Assembly will also condole the death of Sri K. Puttaswamy, who passed away recently.

RELEASE OF PANEL REPORT DEMANDED

Mysore, June 12

The continued delay in the release and follow up action on the Justice Venkataswamy Committee Report was causing great anxiety, the executive committee of Mysore University Teachers' Association, has said in a resolution.

The executive committee, which met on last Friday with Prof. Parvathamma in the chair, reiterated its earlier demand for the release of the report without further delay.

It also demanded that the Vice-Chancellor, who was facing several charges, should not be associated in making selections to various teaching posts due in the university.

The meeting also deplored the "inordinate" delay in the announcement of the results of several examinations held in April-May and November-December, 1977. This, it said, had caused manifold hardships and financial loss to the student community.

Referring to the alleged defalcation of huge sums in the Institute of Correspondence Course, the Association said that this had been kept in cold storage and urged the authorities to bestow their immediate attention for conducting an investigation.

Devotional Literature in Marathi

Mysore, June 14

Many of the land grants by the Kalyana Chalukya Kings during the 12th century used to describe in Sanskrit the titles, appellations and exploits of the donor kings, but other details like the name of the donee and the description of the lands donated were all specified in Kannada indicating that this was the language in common use in the region now called Maharashtra. In these inscriptions one finds a few Marathi words here and there. It was during the 12th and the 13th centuries that literature in Marathi-mostly religious literature began to appear, said Sri K.M. Badri, Epigraphic Assistant, Government of India while speaking at the Sarvabhasha Saraswathi Sangha here.

The period 12th to the 14th century may be regarded as the first satge of Marathi literary development, when mostly religious literature was produced. There were several religious orders or sects known as panthas-such as Natha-pantha, datta-pantha, Mahanubhava-pantha, Samartha-pantha etc. The names of Gorakhnath, Chakradhara Jnaneswara and Namadeva are associated with these panthas. The Abhangas or prose compositions in Marathi similar to the Vachanas in Kannada marked a distinctive type of Marathi literature, said Sri Badri. Prof. M.V.Jambunathan welcomed the gathering. Sri A. Narasimha Sastry proposed a vote of thanks.

History of Basaveswara Needs Re-Writing

Mysore, June 20

Basaveswara was a great religious and social reformer. He has expressed the Upanishadic truths as practised and experienced by him in simple Kannada prose so as to make the common folk understand them. He thus started a kind of prose literature, known by the name of Vachana Literature, and was able to influence the common people to a remarkable extent, declared Dr. B. Ramaiya, Reader in Telugu, Manasa Gangotri. He was speaking at the Sarvabhasha Saraswathi Sangha here.

It is a pity that in many cases his followers have not correctly interpreted Basaveswara's sayings and some historical facts also got distorted and require to be set right. There is now inscriptional evidence to show that Basaveswara died in 1196 and not in 1167 according to some of his followers.

Further, the commonly bandied version that King Bijjala died in 1168 and that Basaveswara was instrumental for his death is completely at variance with inscriptional evidence which show that King Bijjala was alive till 1185. In 1168, King Bijjala installed his son Rayamurari Sovideva, who was later succeeded by his brothers, one after another, said Dr. Ramaiya.

Prof. M.V. Jambunathan welcomed the gathering. SriKrishnaswamy proposed a vote of thanks.

Inadequacy Of City Buses

Sir, - Of late, Mysore City has picked up prominence of commuters for the local city buses. However, buses from such important junctions like V.V.Mohalla, Krishnamurthypuram, Chamundipuram, Jayalakshmipuram, etc. do not have much frequency and thereby lot of the commuters are kept at bay. Further more those days have gone when Mysore was considered to be a "retired persons' city". The opening of many banks and other industrial houses have increased the number of commuters who must adhere to exact timings. But such a city transport system is in vogue in Mysore City whereby one reaches the office the next day morning!

I have seen Mysore as a school boy some 10 years ago and now I am seeing the same city as a resident and I find the same old buses in the same old routes. Neither new routes have been opened up, nor the frequency of the buses have been toned up.

May I request the authorities of the KSRTC to consider our genuine demands and improve at least the frequency of the buses, barring their standard ?

S. Ranganathan

The Forgotten List

Sir,-Through the columns of your esteemed daily, I would like to draw the attention of Mysore University authorities towards the hardship of the students waiting for their results. Time and again the University puts large number of students under "to be announced later" list and forgets them for ever. The engineering results have been announced about two months back, but the "to be announced later" have not been announced though the next examination is scheduled to begin on 10th July. What is the fate of the students who are to get prepared for the examination without knowing their previous results ?

It is high time that the University does something needful to the student community. Hope they will at least postpone the engineering examinations taking the poor students into consideration and retrieve the lost confidence of the student community.

Snap Stir By Auto Men

Mysore, June 21

The autorickswaw drivers in the city went on a snap strike this morning protesting against the alleged high-handedness of a Traffic Sub-Inspector in front of a cinema theatre last night.

They alleged that the Sub-Inspector had assaulted one of the drivers for blocking the main gate of the theatre after the night show.

About 300 drivers took out a procession this morning in the main streets and met the Superintendent of Police and the Additional Superintendent of Police and demanded immediate suspension of the Sub-Inspector.

The Police Superintendent is reported to have asured that an enquiry would be made and if their allegations were found to be true proper action would be taken against the Sub-Inspector.

The drivers had not resumed work till this afternoon, inspite of the assurance.

Perspective Plan On Food Suggested

Mysore, June 23

A call to food scientists and technologists to review the status of food research in relation to the needs of the consumer and draw up a perspective plan to serve as a helpful guide was given by Industries Minister Azeez Sait here today.

Inaugurating the first Indian Convention of Food Scientists and Technologists at the Central Food Technological Research Institute, Sri Sait said the country's food production had touched 116 million tonnes mark last year and with greater emphasis and inputs in agriculture it was expected to increase further.

The job of the food scientists and technologists would not suffice by merely suggesting ways and means of controlling the wastage of foods and preserving them but would require of them to stand up to the new requirements of the consumer, he said.

Dr. B. L. Amla, Director, CFTRI, presiding over the function, in the absence of Dr. H. A. B. Parpia, explained the tasks of food scientists and technologists in preserving, transporting and processing of foodgrains. The requirement of consumers and the increasing cost of fuel also needed attention, he said.

Dr. C. P. Natarajan, President of the Association, welcoming said that the food requirements of the country by 2000 A. D. when the population would have reached 969 million would be about 228 million tonnes. Sri A.N. Nanjundaswamy, Secretary, proposed a vote of thanks.

Mid-Term Poll Only Solution

SAYS KPCC (I) GENERAL SECRETARY

Mysore, June 24

The holding of a mid term Lok Sabha poll is the only remedy for the present crisis in the Janata Party Government, Sri T.N. Narasimha Murthy, General Secretary of Karnataka Pradesh Congress Committee (I), said here today.

Addressing a news conference, he said that during the last 14 months of the Janata Party ruling there was growing instability and indiscipline in the country. The in-fighting in the party had worsened the situation to such an extent that even Sri Jayaprakash Narayan had come out openly to express his unhappiness over the developments in the Janata Party.

Under these circumstances, the only solution for Prime Minister Morarji Desai was to recommend to the President for a mid-term election and seek fresh mandate from the people, he said.

Congress (I) in Karnataka had grown from strength to strength, he said and preferred that Chief Minister Devaraj Urs should continue to be the KPCC (I) President until the organisational elections expected to be held in October-November this year.

Replying to a question regarding the statement of Jaffer Shariff, MP, that Sri Urs should resign as President of the party as in Andhra Pradesh, Sri Narasimha Murthy said his statement came as a surprise. The High Command had made no such suggestion to the KPCC (I), he said.

The KPCC (I) Executive might consider whether Sri Jaffer Shariff had violated the party discipline by issuing such a statement and ask for his explanation, Sri Murthy said.

READERS' FORUM

Sri,- On 17-6-78 I went to the Janata Bazaar to find an "Amul Spray". The stock was readily available. To my surprise, I noted a condition that every Amul buyer should also buy a Lux soap.

I went to the Manager to know why such a condition was being enforced. The Manager said it was because there were some people who re-sell Amul for higher rates and this kind of restriction would check such people from buying here and selling elsewhere.

What I do not understand is why the Janata Bazaar should insist on the customers, on the above pretext, to buy only a particular product. Why it should not leave it to the customers who want to buy Amul to buy any product which they need?

Further, the Manager can insist on the customers who need Amul Spray, to produce a birth certificate of the baby, in order to sell the product to the right persons. -RAJU

Vijayanagar Layout

Mysore, June 28

The City Improvement Trust Board has proposed the formation of a modern layout, "Vijayanagar Layout", covering an area of 750 acres on the Hunsur Road, Board Chairman D. Lingiah said yesterday.

About 6,000 sites would be formed to accommodate a population of 30,000 in the layout which has been designed on scientific lines with all civic amenities including shopping centres, on the model of Connaught Place in New Delhi, stadium, parks, etc. It would also cater to the needs of the surrounding industrial population.

The Board has also proposed two other schemes costing Rs 2.5 crores for formation of layouts at Nachanahalli Palya and Yaraganahalli, mostly for the benefit of scheduled castes and backward classes.

The Board, the Chairman said, was also contemplating to take up improvements to important road intersections and some urban renewal programmes for renovating the city. It had proposed to acquire the Nanju Malige for the construction of a modern shopping centre and the preliminary notice had been issued for the purpose.

Another important proposal of the Board was to increase the period for payment of instalments for Trust Board houses to six years, Sri Lingiah said.

The construction of 58 shops on the Devaraj Urs Road, out of 162 shops, would be completed during this year, he added.

Survey Of Weavers In Mysore

Mysore, July 1

The State Government was contemplating a survey of weavers in Mysore and Mandya districts with a view to help the poor and backward, Industries Minister Azeez Sait said here yesterday.

Inaugurating "Priyadarshini", the 28th new showroom of the Karnataka Handloom Development Corporation, he said that the new showroom would be extending a scheme of giving credit facilities to the Government employees in the city for purchase of handloom fabrics.

To help the weaker sections, the Corporation was producing Janata sarees and dhoties. Recently, it had introduced Janata shirts in various designs.

The sale of handloom products had increased from Rs. 46 lakhs in 1976-77 to Rs. 1.55 crores last year and it was expected to cross Rs 4 crores in 1978-79. The Corporation had also proposals to cover 7,000 looms in the present year, as against 5,000 cotton looms and 500 silk looms now, Sri Sait said.

Industries Commissioner B. S. Hanuman said that India stood fifth in the production of silks in the world. Out of 3,000 tons of silk produced in the country, Karnataka's share alone was 2,500 tons.

Corporations MarketingManager Shivaswamy welcomed the gathering. Public Relations Officer Ramakrishna proposed a vote of thanks.

The Central Food Technological Institute has standardised processes for small scale fermentation and drying of cocoa beans, which are required for manufacture of cocoa products.

The cocoa planters can beneficially use these processes for supplying dried beans of good quality to the manufacturers of cocoa powder and chocolate.

Mysore, July 11

The Food and Agricultural Organisation is organising technical consultation among developing countries for transfer of technology to develop food and agricultural products, conservation and processing industries, next month here at the CFTRI, Dr. H. A.B. Parpia, Senior Adviser, FAO, Rome, said yesterday.

Inaugurating an international short-term course in flour milling at the CFTRI, he said that the problems of food conservation and processing in most of the developing countries have a great deal of similarity. The exchange of experience between them through a well-coordinated programme of technical collaboration would prove beneficial to them.

Sri C. P. Natarajan, Deputy Director, CFTRI, said that milling was an important aspect of the country's national economy. He anticipated a great increase in the role of milling and processing in the food supply system of the future. A need would arise for increasing the flour milling capacity in the country to enable the fuller utilisation of the increased production of wheat which according to futurologists would touch the figure of about 57 million tonnes by 2000 A.D.

Sri M. K. Panduranga Setty, Chairman, Roller Flour Millers Federation of India, disclosed that an international school for milling technology would soon be established with Swiss collaboration at CFTRI to train personnel from flour milling industry.

Sarvagna Vachanas Extolled

Mysore, July 11

Every Kannadiga, high or low, is familiar with the name of Sarvagna whose sayings have become very popular even among the illiterate masses. Though he was not a learned scholar, he was a keen observer of men and things, and his aphorisms are very vivid, realistic though sometimes rather blunt, said Sri G. S. Bhyroji Rao Kambhekar while speaking at the Sarvabhasha Saraswathi Sangha here recently.

No authentic information is available regarding Sarvagna's birth or education. He seems to have lived some four hundred years ago. His real name too is not known; the apellation 'Sarvagna' at the end of each Tripadi of his appears to be a 'nom de guerre or nom de dei'. His sayings based on worldly experience are very trenchent and incisive and constitute very good "quotable quotes", he said.

Prof. M.V. Jambunathan, president of the Sangha, welcomed the gathering. Vidwan M. S. Basavarajiah of the Oriental Research Institute proposed a vote of thanks.

Sir,- It was a pathetic sight to see poor cobblers sitting in footpaths exposed to sun and shower to play their trade. I was glad to see the shelters for these cobblers. This made me think of the present Commissioner; he has an eye to the smallest details and a heart which sympathises with the poorest.

WHERE IS RAVANA'S LANKA

Sir,-In theLanka Kand of Goswami Tulsi Dass's great epic 'Ram Charita Manas' Lord Rama blesses, Vibhishana, the blessing being that the latter shall rule for one full Kalpa. One Kalpa covers more than 400 Million years. This boon bestowed by Lord Rama is not false. However we do not find Vibhishana ruling Sri Lanka. Then where is he ruling? The present country Sri Lanka is not Ravana's Lanka as in our ancient criptures. It is variously referred to as 'Sinhal Dweepa', Tamra Dweepa etc. So obviously it is not the Lanka which was the scene of the epochal war between Lord Rama and the Demon King Ravana. In the Ramayana there is a detailed description of Lord Rama's journey from Ajudhya to Lanka. Does this description of Lanka in our great epic tally with the present Sri Lanka or does it confirm the view of some present day historians that Ravana's Lanka is to be found some where in Orissa or Madhya Pradesh?

Librarians who feel interested in this controversy should wrihe to Editor, Manasa Sandesh, 4/2, Dhamu Wala, Dehra Dun, for a free copy of the August issue of Manas Sandesh.

Poor State Of Varsity Bldgs.

Mysore, July 18

How bad are the Mysore University buildings ? The one-man Justice Venkataswami Committee constituted to inquire into certain allegations concerning the affairs of the Mysore University gives the following picture :

"The sanitary facilities in every hostel for men were in an owefully neglected state. The stench emanating from the bath rooms and lavatories was unbearable even when one was some feet away from the entrances to them. In some of the lavatories the pans and pots were broken and had not been replaced".

"In Maharaja's College, the staff room had a lavatory with these drawbacks in a corner of the very room, and one could well imagine the situation the staff had to put up with. In the same building the sanitary facilities in the waiting room for women students, who numbered 16 in all, was in a shocking state of disrepair".

Justice Venkataswami says in the report, "It seemed to me that it would be impossible to use it in the condition it was in when inspected by me. The door to the room had a big gaping-hole in it depriving privacy to the scholars. Besides, the drinking water, or so it seemed, had been

kept in an earthen pot at the entrance to the lavatory which itself had been without a door, and the pan therein looked dirty and damaged. As regards the furniture therein, the less said the better".

"A special mention is called for in regard to the Scheduled Caste Hostel in the Students Village in Manasa Gangotri. I was not able to fathom the reason for segragating the scholars hailing from Scheduled Castes, inconsistently enough with the trends observed nowadays. The lavatories and bath rooms were in a more or less hopeless state. The inmates complained that they had not had a hot bath for the past two years, in view of the damaged or unusable geysers. As to the kitchen, most of the vessels used for cooking had leaks and holes in them. The building seemed to be in dire need of white-washing."

"The situation in P. G. Hostels for men was equally pitiable in so far as sanitary and water facilities were concerned. During the inspection which was done at about 3 p.m., a few scholars were seen to be washing their faces with the water in the garden pond, or what passed for a fountain. The water in one of the ponds was found to be scum-covered. The conditions generally were not at all congenial for study by scholars pursuing post-graduate studies".

"Many of the hostles, both of Maharaja's College and Manasa Gangotri, do not seem to have been white-washed even once in two years. Indeed a complaint was uniformly voiced that the buildings had not seen a proper white-washing by way of annual repairs, ever since they were constructed".

"It was seen in Maharaj's College the wooden staircase required immediate replacement and the wooden floors of some of the lecture halls on the first floor were totally bereft of coir matting with the result that the lectures in the halls on the ground floor were disturbed by any movement in the halls above. The flooring tiles on the verandah of the ground floor were quite worn out and presented a hazard to those walking on them".

V.C. INDICTED

"But the Vice-Chancellor would have me believe", the report says "that he was in the habit of inspecting the buildings once a fortnight along with the Engineers, and that none of the inmates or wardens ever complained about the lack of facilities and inadequate maintenance. I find it difficult to accept this statement at its face value. The defects referred to were apparent to the naked eye and there was no need for any one to complain about them specifically".

"I am clearly of the view that these matters ought to have been accorded priority. It is not surprising, therefore, that scholars and teachers caught up in such unhealthy surroundings,complain about the comparatively huge expenditure incurred in regard to V.C's quarters, swimming pool and inter-communication equipment, which could well have been done purely at the behest of the Vice-Chancellor, who was the authority competent to pass orders in regard to such ventures".

Poetic Tradition In India

Mysore, July 18

Though the Vedas and the Upanishads are the first ever literary works of a high order, it is the Ramayana by Sage Valmiki that is regarded as the earliest poetic work in Sanskrit literature, said Sri N. Nanjundaswamy, Epigraphic Assistant, Government of India while addressing the Sarvabhasha Saraswathi Sangha here recently.

The Vedas are known as as Prabhu Samhita or the Royal Code as they enjoin man to do certain acts and to refrain from certain others, they are in the form of commandments. The Purana's are called Mitra Samhita or Friendly Code, as they tender advice as a friend would do to follow the Vedic injunctions. The poetic works are termed Kanta-Samhita or Spouse's Code which presents the same in a pleasing and palatable form. Real literature inculcates ideas of Satyam (truth), Sivam (goodness) and Sundaram (beauty) according to our ancient literary writers,said Sri Nanjundaswamy.

Prof. M.V. Jambunathan, President of the Sabha, welcomed the gathering. Sri R. Krishnaswamy proposed a vote of thanks.

Venkataswami Suggests Further Probe

Mysore, June 19

Sri Justice Venkataswami, while criticising the procedure followed in the execution of several engineering works and the purchase of materials by the Mysore University, has, in his report on the affairs of the University, suggested further probe into them with the help of an independent auditing agency.

He says: "It is conceded on behalf of the University that for the supply of goods required for the Engineering Division, quotations have to be called for and an indent in the form prescribed should be sent up to the Finance Officer for being processed and approved".

"It is not clear whether the procedure to be followed in calling for quotations must involve public notice and submission of tenders in response thereto. But it seems to me that the procedure ought to be by a process of tending as for works contracts. Otherwise, it would leave room for manipulation of prices and selection of tenderers. In the cases on hand, it is seen that in most of them. the Engineer has simply written to the firms of his choice while calling for quotations".

"As regards engineering works, the administrative instructions of the University specifically enjoin the observance of the rules of PWD Code in calling for and opening of tenders and acceptance of the lowest bid. They have also provided for scrutiny by a BuildingCommittee constituted by the Syndicate. It is further provided that estimates in excess of certain sums, ought to de scrutinised by the Superintending Engineer and Chief Engineer".

"In the files furnished to the Committee", Justice Venkataswamy says, "barring one or two cases, in almost all cases I have not been able to see any papers or document indicating that such a procedure had indeed been followed".

"In the context of allegation one concering the furnishing of the Vice-Chancellor's quarters, the stock book was called for. It was plain there from that it had not been maintained in accordance with the relevant rules of the Karnataka Finance Code. It has been maintained in a rough book in a haphazard manner and without all the relevant columns. It was particularly noticeable that the manner of disposal of the articles replaced had not been indicated at all. The result is that it is not known as to what has happened to such articles. It does not seem reasonable to think that all the articles so replaced were so totally wornout as to be considered enfirely worthless and of no value whatsoever. Even to write off wornout stocks there are set procedures to be followed".

Sri Venkataswami continues, "Indeed during my inspection of the V.C's quarters an old and fair-sized carpet with only the fringes frayed, but still usable and, therefore, of value, was found rolled up and kept by in a very elegantly and newly furnished bed room on the ground floor. This stock book has been now and then shown to have been verified by someone, perhaps an auditor. All these lapses have neither been remarked upon nor remedid by Finance or Audit Sections of the University. I am inclined to think that all these matters might be usefuly further probed and examined with the help of an independent auditing ageny".

V-C's "Spending Spree"

Mysore, July 20

Justice Venkataswami, in his report on the affairs of the Mysore University, while recommending a further probe with the help of an independent agency into certain matter, has referred to one more instance of "what may reasonably be described as, a spending spree indulged in by taking advantage of the absence of the statutory authorities of the University".

He says: "My attention was invited specifically to the construction of a compound wall with ornamental railings to a huge playing field admeasuring ahout 20.77 acres. The strange part of this venture is that such a large field is sought to be enclosed only on two sides, the other two sides being left open".

"It may also be observed in this context that there is also another estimate amounting to Rs 1.15 lakhs sanctioned for improvements to Oval Sports Ground of Yuvaraja's College in front of the Crawford Hall".

"In regard to the former, the Vice-Chancellor's explanation, which I consider to berather naive and lighthearted, is that it was necessary to protect a turfed cricket pitch from trespassers and cattle. As to the reason for leaving the other two sides open, it was stated that they were already hedged in by a railway line on one side and an open road on the other".

The report says,: "This explanation to say the least is frivolous, as even the two sides where the compound is being put up are similarly bounded by two roads. Above all, the estimated expenditure for this venture is Rs 1.05 lakhs. One other reason put forth by the V. C. in support of his action is that Director of PhysicalEducation had suggested this step. If that was true, all that can be said is that the V.C. has not exercised his authority with due discretion and proper judgment".

"I am, therefore clearly of the view that the expenditure incurred in this behalf has the stamp of extravagance writ all over it and could not, in the circumstances. be said to be properly incurred. Even otherwise, it should never have received the priority accorded to it. In observing thus I am not unmindful of the fact that it may in some small way contribute to the beautification of the campus. But this can hardly be considered as an excuse to accord preference to it by ignoring the basic needs of the students and staff of the University".

Senate Members Demand VC's Removal

Venkataswami Report-4

"Wrong Priorities"

Justice Venkataswami, in his report on certain allegations concerning the affairs of the Mysore, University, refers to huge expenditure on projects incurred by the university, ignoring the basic needs of the students and teachers alike.

He says: "The total student population of the university on its Mysore campus has been stated to be approximately 6,000. Therefore, it is reasonable to estimate that 60 per cent of such students hail from the mofussil areas. In so far as I have been able to see, the present available hostel accommodation is barely sufficient for about 1,100 scholars. In the absence of hostel facilities for such students, they are left to fend for themselves, by geting into the clutches of unscrupulous landlords in many cases".

"The Committee was also informed that the accommodation and amenities provided in many such cases left a lot to be desired and were not conducive to fostering scholarship.... It is conceded that a sum of Rs 12.9 lakhs had been sanctioned for the purpose in the context of the V Plan. No substantial steps have been taken to utilise this grant, although it has been averred that plans and estimates were under preparation".

"All this is evidenced by a letter addressed by the Registrar on 9th Sept. 1977 to the University Teachers' Association. The sole reason for mentioning this fact is to show that the University has been going on with projects, sometimes involving the incurring of huge expenditures, on the basis of totally wrong priorities, ignoring the basic needs of the teachers and students alike".

Broad Gauge Soon, Sait

Mysore, July 24

A 60-crore yarn manufacturing unit is likely to come up in Mysore, Industries Minister Azeez Sait said here yesterday.

Presiding over a felicitation function organised by the Vishwa Charitable Trust, he said that the proposal had been sent to the Centre for clearance. The unit would manufacture yarn similar to Khadi and engage about one lakh weavers.

A condition would be stipulated before giving financial and other assistance to entreprenurs proposing to set up new industries that 80 per cent of the jobs in their factories should be set apart to Kannadigas alone, he said.

The broad gauge between Mysore and Bangalore was bound to come, he said and added that the Railway Minister was in full agreement with this demand of the State. The proposal was now before the Planning Commision, the Minister said.

He warned those persons, including officials, who tried to destroy the beauty of the city, in the name of modernisation.

The Trust felicitated Messrs Azeez Sait, D. Jayadevaraje Urs MLC, D. Lingiah, CITB Chairman, T. N. Narasimha Murthy, Chairman of the State Tourism Development Corporation, T. V. Srinivasa Rao, Chairman of the State Adult Education Council and Smt. Soundaramma Venkatesh, President, City Congress (I) Committee.

Sri B. Gopalaswamy welcomed and Sri Nagaraja Rao and A. Padmanabha read the messages and report of the Trust. Sri A. Narasimha read out the address. Sri A. Prabhakara proposed a vote of thanks.

Venkataswami Report-5

Embezzlements .... Varsity Drags Feet

Justice Venkataswami, in his report on the affairs of the Mysore University, also refers to "embezzlements of public funds by the officials of the University amounting to one lakh and odd in one case and about Rs 40,000 in the other".

He observes : "The point to be noticed is that although the embezzlements have taken place in 1974 and 1976, the University has been dragging its feet, for one reason or other, both as regards pursuing the matter before the police and taking of departmental action."

"In one case all the officials whose integrity was under a cloud have been reinstated pending departmental action, whereas in the other where only one official, by name Sri Ananthakrishna Urs, is involved, he is continued under suspension for 3 years and more, with the result a subsistence allowance ranging from 50 per cent to 90 per cent of the salary has been and is being paid to him. He could easily have been reinstated pending enquiry and posted to a section in which he could commit little or no mischief, thus avoding payment of such allowance, which in the circumstances is nothing but a bounty. I fail to see how the authorities of the Universities could be blind to such a situation".

"Therefore", the report says, "it may not be out of place for me to suggest that the authorities be directed to take immediate steps to remedy this anomalous situation. I would like also to observe that in the circumstances surrounding these embezzlements these are fit cases to be referred to the police for further action. After all, embezzlements of public funds by officials entrusted with their charge are matters to be quite seriously taken notice of as they amount to crimes under the law, and not mere misdemeanours".

Cement Through Co-ops

Mysore, July 25

The Deputy Commissioner has issued fresh cement dealers' licences to 27 co-operative societies in the city to facilitate lifting of 20,000 bags of cement allotted by the Joint Director of Industries and Commerce. The Joint Registrar of Co-operative Societies has been requested to make necessary arrangements for funds to the societies to enable them to lift the cement.

Vice-Chancellor Defended

Mysore, July 25

Smt. Soundaramma Venkatesh, President, City District Congress (I) Committee, has defended the actions of Vice-Chancellor D. V. Urs in incurring expenditure on the improvement of the sports ground, the official quarters and the swimming pool.

Smt. Soundaramma said she did not think that the Vice-Chancellor had used the university funds for his personal ends. As regards the pitiable conditions in the hostels and the misappropriation of funds in the Institute of Correspondence Course, she has blamed the Dean of Youth Service, the Engineering Section and the Accounts Department for not taking proper care.

Plea To Convene Senate Meeting

Mysore, July 25

Sri M. Veerabhadrappa, Member, Mysore University Senate, has urged the Chancellor to convene a special meeting of the Senate on the Justice Venkataswami Report.

In a statement here on July 22, he said that it was unfortunate to note that the Vice - Chancellor had not resigned so far although 16 out of the 35 charges had been upheld. He was also pained to see that the Chancellor and the Government had preferred to keep silent over the matter.

Sri Veerabhadrappa has suggested that the Chancellor should preside over the special Senate meeting as he was the ex-officio Chairman of the Senate.

The Jai Karnataka Kannada Sangha has urged the Government and the Chancellor to uphold the prestige of the Mysore University by removing the Vice-Chancellor against whom allegations made had been upheld by the Justice Venkataswami report. Sri R. S. Keshavarao Rampore presided.

Land Cases In Mysore Bangalore, July 25

Over Rs 10 crores have been provided this year for payment of compensation to landholders who lose lands under the Land Reforms Act. Help from nationalised banks had also been sought, Revenue Minister B. Basavalingappa told the Assembly yesterday.

In Mysore District, 32,303 applications have been filed before the Land Tribunals, he said.-(FOC)

Debate On Varsity Report

[From Our Correspondent]

Bangalore, July 25

Messrs. A. K. Subbiah, V. S. Krishna Iyer and Raghupathy, Opposition members, have given notice in the Legislative Council today for consideration of the Justice Venkataswami report on Mysore University.

Although the subject is included in the agenda, it is likely to create constitutional arguments. The Government cannot directly take action. The University Syndicate has to take cognisance of the report and recommend to the Government to take suitable action.

The Syndicate meeting here last week, considered only four points as suggested by the Government and authorised the Vice-Chancellor to spend up to Rs. 60,000 for repairs, etc. Other controversial items did not come up at all.

In the Assembly yesterday, Sri J.S. Patel brought to the notice of the Speaker the demand going on on this report. The Speaker assured him that he would consult the leader and fix a date for its discussion. In view of heavy agenda before the House, the report can be taken up for discussion only during early August.

Chief Minister Devaraj Urs told the Assembly today that Rs 6 crores would be spent on the right bank Kabini Canal next year.

Greatness of Kashmiri Flok-lore

Mysore, July 25

Though for practical purposes the State of Jammu & Kashmir is regarded as a single entity, it consists in reality of three separate regions, namely, Ladakh, Jammu & the Kashmir Valley, inhabited by three disparate ethnic groups inheriting three different and distinct cultures. Thus we find that three different cultures are mixed up here, said Dr. Jawaharlal Handoo, Research Officer, Central Institute of Indian Languages while speaking at the Sarvabhasha Saraswathi Sangha here recently.

Kashmir has produced in the past several distingusihed scholars and poets like Abhinava Gupta and Kalhana, the reputed author of Rajatharangini, probably the only authentic work of its kind giving a truly historical account of the successive rulers of the kingdom.

Kashmir excels other languages in folklore and proverebs. According to the Indic Theory advanced by some German scholars, Kashmir is the original source of tales & fables like the Pancha-tantra and Brihadkatha, which have travelled to Europe, said Dr. Handoo.

Prof. M.V. Jambunathan, President of the Sangha, welcomed the gathering. Sri S.V. Venkataramaswamy, Retired SeniorEngineer, AIR proposed a vote of thanks.

Old Age Pension

Sir,-It is a good news that for people who retire from Government service immediate anticipatory pension is to be granted till final pension is calculated and settled.

Similarly, it will be much more helpful if applications for old age pension, who are one foot in the grave, are also given full anticipatory pension, pending the completion of enquiry etc. This will give immediate relief to the many poor people.

Venkataswami Report-6

Factions Among Teachers

Sri Justice Venkataswami, in his report on the affairs of the Mysore University, refers to the provisions of the Universities Act under which the Vice-Chancellor is empowered to do certain acts subject to the 'previous approval' of the Chancellor, and says, "It is seen that in many of the cases on hand, the Vice-Chancellor has forestalled any possible disapproval by the Chancellor by initiation works and approving expenditure in anticipation of ratification or approval by the Chancellor".

"In other words, he has taken pre-emptive action to avoid any decision by the Chancellor disapproving of the action taken by him. This, to my mind, is not a bona fide act on the part of the V. C. and deserves serious notice."

"Even in certain cases where the Registrar or other authorities of the University have ordered for specific reference of a particular case for approval of the Chancellor, the same have not been complied with for no reason. Such instances are there in many files of the University pertaining to Allegations 1,2,3, and 13 etc."

Sri Justice Venkataswami also refers to factions among teachers and says : "During the enquiry I was pained to see that there were factions among the teachers of the University. This, it seems to me is the result of playing favourites by those in authority on the one hand and selfishness and frustration of some on the other."

"All that can be said in this situation is to remind ourselves of a principle of law to the effect that those who are vested with administrative or statutory power must see to it that the same are exercised fairly and honestly, eschewing collateral considerations, particularly when by any such exercise of power the rights of the third parties are likely to be affected adversely for no fault of theirs."

Venkataswami Report-7

Allegations On Previous V-C

"During the inquiry", Justice Venkataswami says in his report on the Mysore University, "several individual grievances were brought to my notice, as also those pertaining to the administration and style of functioning of the present and immediately preceding Vice-Chancellors".

"It was urged that in regard to most of them complaints and appeals have been pending before the Chancellor ever since 1973. Broadly, they may be categorised thus : 1) Acts of favouritism, nepotism and victimisation, during the present as well as the previous regimes; 2) Punitive transfers effected with a view to favour some one or the other at Manasa Gangotri in the matter of conferment of U.G.C. scales of pay; 3) Prescription of qualifications for certain posts so as to fit a particular person or certain persons ; 4) Nomination of persons possessing no doctoral degrees for the evaluation of thesis submitted for a doctorate; 5) Appointing persons as heads of departments in certain disciplines, who do not possess even a post-graduate degree or a doctorate in such disciplines. Since most of them fall outside the ambit of the present terms of reference and also have been subject matter of complaints pending with the Chancellor, I refrain from eleborating them more specifically".

"I may, in this connection, take the liberty of suggesting the constitution of a small vigilance cell in the office of the Chancellor dealing purely with the complaints referred by the Chancellor and to make a factual report thereon to him."

STUDENTS' ULTIMATUM

Council Discussing Report

(From Our Correspondent)

Sources Mum On Notice To V-C

[From Our Correspondent]

Bangalore, July 29

Raj Bhavan sources here today neither denied nor confirmed reports that a show-cause notice has been issued to the Vice-Chancellor of the Mysore University as a follow-up action on the Venkataswami report.

The sources observed that it was just a matter under the Universities Act of obtaining theVice-Chancellor's say on the report.

A prominent member of the University Syndicate, who is here, has felt that the discussion on the report in the Legislature has simplified the task of the Syndicate. But, under the Act, the discussion and action suggested by the Syndicate to the Chancellor and the Government alone become valid.

The dicussion in the Legislative Council on the Venkataswami report is continuing for the third day. What action, except free expression of feelings on the report, the Council can take since the University is an autonomous body is a matter for discussion.

Indira's Name In State Poll List

(From Our Correspondent)

Bangalore, Aug. 5

The Chair refused permission in the Assembly today for a discussion on the inclusion of Smt. Indira Gandhi's name in the State electoral list.

The Chair held that it was not in the purview of the Government. The subject related to the Election Commissioner

It is reliably understood that Smt Gandhi filed an application before the authorities concerned in Doddaballapur for enrolling herself as a voter from the Doddaballapur Assembly constituency. She later withdrew it, when it was found that the application had not been properly filled in. The application was returned to Smt. Gandhi on July 25.

Dr. C. Parvathamma, Professor of Sociology and Head of the Sociology Department, Mysore University, was entrusted by the State Government the work on an objective study of the socio-economic conditions of scheduled castes and tribes in the State.

A survey based on a representative sample of 2437 households situated througout the State was conducted and a report was presented.

From the perusal of the report, it is seen that only 3.54 per cent of the SCs and STs are having bank accounts, 5.59 per cent are members of co-operative societies, 2.57 per cent avail loans from banks and 4.05 per cent from societies. 38.71 per cent take loans from money lenders, 33.39 per cent take loans on faith, 10.99 per cent by giving security of land and 28.7 per cent pay interest from 15 to 24 per cent for the loans taken by them.

It is clear from the above figures that banks and co-operative societies have not made serious thrust in changing the socio-economic conditions of SCs and STs.

Mysore, Aug. 11

Sri Vinoda Rao, Vice-President, and Sri B. C. Lingiah, General Secretary of the Dasara Industrial and Cultural Exhibition Committee, have submitted their resignations.

Although no reason has been stated in their resignation letters, it is understood that they are unhappy over the functioning of the committee. Some more members are expected to resign.

It may be recalled that there were public complaints regarding the way the Dasara Exhibition was conducted during the last two years by the committee. A committee to enquire into these allegations had been set up by the Government and it has reported that the private organisation should be superseded and the Government alone should conduct the exhibition this year, it is learnt.

The committee has already announced that it would conduct the exhibition this year also.

Hopes On Broad Gauge

Mysore, Aug. 11

Sri Lakhdavala, Vice-Chairman of the Planning Commission, is reported to have shown interest in the Karnataka Government's plea for the conversion of Mysore-Bangalore line into broad gauge, Chief Minister Devaraj Urs said today.

He was inaugurating the Gammon Fer-Chems, the fertiliser factory which has been acquired by the Gammon Fer-Chems, and laying foundations stone for their alum plant at Belagula.

Stress On Rural Development

Mysore, Aug. 16

Rural development needed top most priority to eradicate poverty and unemployment, Prof. Rajkrishna, Member of the Planning Commission, said here today.

Inaugurating a 10-day workshop on micro-level planning for rural development at the Institute of Development Studies, he said that although there was tremendous opposition to the concept of rural development, there was no other alternative except to give priority for the development of rural areas.

He said that if the planning in India had failed it was not just because of bad implementation, but it was also due to the fact that the schemes were also bad.

Prof Rajkrishna suggested gradual shifting from sectorial planning to area planning and from amateurish planning to professional planning. The Planning Commission had doubled the allocation of funds for rural development from Rs 15 crores to Rs 30 crores, he added.

Divisional Commissioner Jayakumar Anagol presided. Dr. R. P. Misra, Institute Director, welcomed the gathering. Sri V.K. Nataraj introduced the chief guests.

Country Drifting In Uncertain Direction

—TULSIDAS

Mysore, Aug. 18

No political party in the country could say precisely as to which way the country was moving, Sri Tulsidas Dasappa, General Secretary of the All India Congress Committee, said today.

Addressing newsmen, he said that one of the chief reasons for the present uncertainty was that the ruling Janata Party at the Centre had failed to enunciate clearly its policies and programmes. That was why Congress President Swaran Singh had observed that there was vacuum in the body polity of the country, after the Congress debacle in 1977, he said.

Asked about the latest developments in the Janata Party, Sri Tulsidas said that he would welcome any development which provided a stable Government with clear policies and programmes to help the upliftment of the down-trodden.

He reiterated that his party would not join any other political party, including the Congress (I) or the Janata.

Support To Small Papers

Mysore, Aug. 21

The Government policy as regards small newspapers would be a liberal one, Information Minister K.H. Srinivas said here yesterday.

Inaugurating the seventh Mysore District Journalists' Conference, he said that the Government was aware of the problems faced by the profession. But it had not been possible for it to bestow due attention, he regretted.

Although there were some yellow newspapers, small newspapers were doing very good service and Mysore had earned a distinction in this regard, he praised.

The Government, the Minister said, had decided to provide teleprinter news services to small newspapers at all the headquarters. As a first step, this facility would be provided for 4 or 5 districts, including Mysore, he said.

Sri Raghuram Setty, President, Karnataka Union of Working Journalists, urged the Government to set up a small newspapers finance corporation to help the small papers.

Delivering the valedictory address, Industries Minister Azeez Sait called upon journalists to expose and weed out the black sheep who indulged in black mailing and yellow journalism.

He said the Information Department needed to be reorganised so as to serve effectively the district newspapers.

Sri Sait assured that he would take up the plea for converting the Mysore AIR into a full-fledged station with Union Minister L.K. Advani.

Association President K.Chikka mari Gowda presided. Vice-President K. N. Varadaraja Iyengar welcomed the gathering. Sri Shivappa Setty read the messages and Secretary M.T. Jayaram, the report. Sri A. Ramanna read the resolutions. Sri H. L. Srkanta Murthy spoke. Sri B. S. Ravindranath proposed a vote of thanks.

The Federation of University and College Teachers' Associations in Karnataka yesterday also urged the Chancellor and the Government to announce immediately the follow up action on the Venkataswamy Committee report. Dr. K Dwarkanath presided.

Power Position Still Grim

(From Our Correspondent)

Bangalore, Aug. 21

Although Linganamakki dam is near its brim—just two feet short of the maximum 1819 feet—the prospects of reducing the power cut in the State looks grim.

Even though all the generators atJog have been commissioned and producing maximum power, the supply of power in the State is still very much short of the demand. Even the thermal power project at Raichur is facing hurdles.

The Assembly was told today that although an agreement had been entered into with Kerala for the supply of 2 to 2.5 million units upto June end, the supply had stopped.

Plea For Honorarium

Superb Solo Acting By Barnes

Mysore, Aug. 22

The 'One Man Theatre' of Brian D. Barnes is in Mysore. Barnes is one of the very few actors who have devoted their creative activity exclusively for solo performing.

A small, but a fortunate audience, saw the brilliant solo performance of this famous British actor at the Maharaja's College CentenaryHall yesterday. Barnes, in his one man theatre, presented "The Provocative Oscar Wilde", the story of Wilde and selections from his master-pieces.

Mr. Barnes narrates the story of Oscar Wilde as it might have been told by his close friend and literary executor, Robert Ross, who leads the audience into the varied selections which make up the programme : abridged versions of "Lord Arthur Savile's Crime", scenes from "Lady Windermere's Fan", the Handbag scene from "The Importance of Being Earnest" and "The Selfish Giant".

Barnes is on a South India tour and his seven major performances, including two in Mysore, have been organised by the British Council. Bernes will perform "The Pickwickians at Manor Farm", the lighter part of the first novel of Charles Dickens, the Pickwick Papers, today at 7 p.m.

Srikanta Datta Tipped For Chamaraja

[From Our Correspondent]

Bangalore, Aug. 22

Sri Srikanta Datta Narasimharaja Wadeyar is one among the four prospective candidates of the Congress (I) for contesting the by-election from the Chamaraja Assembly constituency, it is reliably learnt.

The three other names mentioned in the list of the party candidates are Messrs L. Chikkarangappa, B. N. Kenge Gowda and Smt. Soundaramma Venkatesh.

If Sri Srikanta Datta makes up his mind to enter politics and contest the seat, the Congress (I) is confident of wresting the seat from the Janata Party. The seat has fallen vacant following the death of Sri K. Puttaswamy. The final selection of the candidate will be made after the return of Chief Minister Devaraj Urs from New Delhi.

The Janata Party circles are aware of the Congress (I) move to set up Sri Srikanta Datta as its candidate. The party is likely to select Sri H. Kempe Gowda, a staunch lieutenant of late Puttaswamy. The name of Sri P. Nagaraj is also being mentioned, in this connection.

POLL CALENDAR

The by-election will be held on Sept. 24 and the last date for filing nominations is Aug. 30. Scrutiny will take place on Aug. 31 and the last date for withdrawal is Sept. 2.

Superb Solo Acting By Barnes

Mysore, Aug. 22

The 'One Man Theatre' of Brian D. Barnes is in Mysore. Barnes is one of the very few actors who have devoted their creative activity exclusively for solo performing.

A small, but a fortunate audience, saw the brilliant solo performance of this famous British actor at the Maharaja's College CentenaryHall yesterday. Barnes, in his one man theatre, presented "The Provocative, Oscar Wilde", the story of Wilde and selections from his master-pieces.

Mr. Barnes narrates the story of Oscar Wilde as it might have been told by his close friend and literary executor, Robert Ross, who leads the audience into the varied selections which make up the programme : abridged versions of "Lord Arthur Savile's Crime", scenes from "Lady Windermere's Fan", the Handbag scene from "The Importance of Being Earnest" and "The Selfish Giant".

Barnes is on a South India tour and his seven major performances, including two in Mysore, have been organised by the British Council. Bernes will perform "The Pickwickians at Manor Farm", the lighter part of the first novel of Charles Dickens, the Pickwick Papers, today at 7 p.m.

READERS FORUM

Centenary Hall

Sir,-There was an excellent flute recital by Sri Prapancham Sitharam going on in the Maharaja's College Centenary Hall on Aug. 13, when suddenly a huge hard board piece fell down from the ceiling causing inconvenience to many people.

Similar thing happened on Aug. 21 also when Mr. Brian D. Barnes was staging "The Provocative Oscar Wilde" in his one-man theatre.

The authorities in charge of the Centenary Hall are fully aware of the precarious condition of many of the boards in the ceiling, but still they seem to be sleeping over it.

Ex-MLC Criticises Pay Hike

Mysore, Aug. 28

Sri M. Sathyanarayana Rao, former MLC, has criticised in strong terms the way in which both the Government and the Opposition had "connived" to pass the bill in the last month Assembly providing for almost doubling the emoluments of legislators and Ministers besides introducing the scheme of pension for life to themselves.

In a statement issued yesterday, he said that the measure was at once "atrocious and scandalous" and threw an affront to the common man in whose name the Government of the day had risen to power.

Criticising the Opposition for supporting the bill, he said that it was disappointing and disgusting that the Opposition had fallen an easy prey to the temptations of hike in pay and allowances.

Sri Rao has expressed the hope that the elders in the Council would see through the unreasonable and untimely nature of the measure and refer the Bill back to the Assembly for its reconsideration in a much more cool and level-headed manner.

Tirukkural - An Excellent Ethical Work

Mysore, Sept. 2

Tiruvalluvar, the reputed author of Tirukkural, a great Tamil literary work on ethics, was a profound scholar, a great philosopher, an exalted saint and an illustriuos poet. His aphorisms and maxims touching upon all facets of human conduct, and expersed in the most laconic style yet limpid and perspicuous, are truly regarded as pithy and inimitable, said Dr. M. V. Jambunathan, retired Professor of Statisitcs while speaking at the Saravabhasha Saraswathi Sangha here.

Tiruvalluvar's diction is simple, his style is incisive and his couplets are rhythmical and melodious, free from artificial or laboured embellishments. The very consiseness and aptness, the very elegant direct style enhance the poetic value of the statements.

For example, explaining the characteristic feature of wealth, the poet says, "Wealth is that which exalts those who are good-for-nothing Of gratitude, he says : "it is not good to forget the help rendered by another,but it is best to forget instantly the dis-service". Of friendship, the poet has this to say : "Friendship is not for mirth and merriment, but to pull up one if he transgroses the bounds of propriety", said Dr. Jambunathan.

Ranadheera Kanteerava Narasimharaja Stadium

Sir,-It is a well-known historical fact that H. H. late Sri Ranadheera Kanteerava Narasimharaja Wadiyar of revered memory went in cognito to Tiruchirapalli and defeated eminent Pahlvans of South India and held aloft the flag of Mysore.

It is, therefore, fitting that his name should be associated with the wrestling grounds in Doddakere Maidan, which may be named as "Sahukar Sri Channiah's Akhada" in Ranadheera Kanteerava NarasimharajaWadiyar Stadium.

Give Up Egoism, Jatti

Mysore, Sept. 5

A fervent appeal to the people to forget egoism and develop oneness was made by Vice-President B. D. Jatti here today.

Inaugurating the centenary celebrations of the Mysore Literary Union, Sri Jatti said that present bickerings seen in the country were due to egoistic attitude among the politicians.

National intergation and oneness of feelings could not to be achieved through politics where one always fought against the other. These could be achieved only through understanding and promoting our valuable culture and Dharma, he said.

Sri H. D. Tulsidas Dasappa, MP, who was the chief guest, said that Kannadigas were today in forefront of all walks of life, whether politics, literature, art, journalism or films. This was a matter of great satisfaction and happiness.

Sri Jatti honoured Sri K. S. Krishnamurthy and Sri N.S. Venkatasubba Rao, former Presidents of the Union. Prof. S. V. Ranganna, another ex-President, was not present. Sri Krishna Murthy thanked for the honour.

Union President K. Ramanna presided. Dr. K. Subbanna welcomed and Secretary C.Madhava Rao read a report. Sri K. S. Mallikarjun proposed a vote of thanks.

Sri Jatti visited the Suttur Mutt and met Sri Shivaratrirajendra Swamiji.

Srikanta Sharma Quits Janata

Mysore, Sept. 5

The Janata Party in the city, on the eve of the Chamaraja by-election to the Assembly, has received a severe jolt with the resignation of Sri Srikanta Sharma, former President of the City (District) Janata Party.

Sri Sharma, in his resignation letter to the State Party President, which he released to the Press today, has expressed his unhappiness over the "dishearteningly" way the party is functioning in the State.

Sri Sharma, who had tendered his resignation to the presidentship some time back, regretted that nothing had been done to reconstitute the city unit. Meanwhile, the image of the party in the public had gone down. The bickerings were going on unabated in total disregard to the feelings and aspirations of the people. To call one self as the Janata man would be inviting unnecessary teasing from the public, he said.

Added to this, the way how the State Party was functioning was disheartening. Time and again the workers of the party were made to feel that there was very little recognition for honesty and integrity. The reactionery forces seemed to have gained upper hand in the affairs of the party. This was a warning and a caution for all progressive socialist forces, Sri Sharma said.

Messrs Mahamad Zahirul Huq, Secretary of the city unit, G. R. Chennakeshaviah, S. Krishna, M. K. Ramakrishnappa, ex-Municipal Councillors, R Nagaraj, co-operator, V. Narasimiah, P. Ramalingiah, Mohammed Yakub Sait, Kadle Papanna and S. K. Lakshminarasimhiah have also resigned from the party.

Some more Janata members are expected to resign in a day or two.

TDB Budgets Approved

Mysore, Sept. 5

The Mysore District Development Council yesday approved the budgets of 11 taluk development boards of the district for 1978-79. The total anticipated income of these boards is Rs 83.10 lakhs and expenditure Rs 76.26 lakhs, leaving a surplus of Rs 6.84 lakhs.

The Council approved the Rs 551.25-lakh district plan. It decided to provide three more mobile borewell maintenance units for the district.

The Message Of Vachanas

Mysore, Sept. 5

Basaveswara, the leading Vachanakara of the 12th century, preached equality among all human beings and also the greatness of Bhakti or devotion to God. He used to bestow the highest regard to the Bhaktas and to call himself as the lowliest, such was his humility, declared Sri S.M. Tumbaramatti, Hindi Pandit, Guledgudda while speaking at the Sarvabhasha Saraswathi Sangha here.

All the Vachanakaras emphsised the value of Kayaka or performance of one's vocation as a duty and as an offering to God. They also tried to bring home to the masses the message of the Vedas and other holy scriptures through the language of the people, he said.

Prof. M.V. Jambunathan, President of the Sangha welcomed the gathering. Sri M.S. Basavarajiah, Senior Research Assistant, Oriental Research Institute, proposed a vote of thanks.

By-Election Tomorrow

Mysore, Sept. 23

As many as 73,663 voters will go to 90 polling stations in the Chamaraja constituency between 8a.m. and 5 p. m. tomorrow to elect their new representative to the Assembly, in place of late Sri K. Puttaswamy.

Although Messrs B. N. Kenge Gowda (Cong-I), H. KempeGodwa (Janata) and Rangaswamy (Hotte Paksha) are in the scene, the main fight is only between Sri Kenge Gowda and Sri Kempe Gowda, both Vakkaligas.

Sri Puttaswamy had won by a margin of 6421 votes defeating his rival Sri Kenge Gowda in the previous election. The percentage of polling then was 65.

While Janata is going all out to retain its seat banking on the educated and middle-class voters, Congress (I) has left no stone unturned to woo this class which number about 18,000. The result is a close fight between the two candidates.

The counting of votes will take place on Monday at 9 a.m. at the University Gymnasium building and the results are expected the same evening.

Elaborate police arrangements have been made for peaceful polling. All the liquor shops within the city limits have been closed for 48 hours from 5 p.m. yesterday.

Ramana Gnana Yagna

Mysore, Sept. 26

Mysore City was fortunate enough to here Bhagavan Sri Ramana Maharshi's divine lore for 10 days when OM Swamiji (Major K.S. Abdul Gaffar), who is a great devotee of Sree Ramana Maharshi, conducted the 24th Ramana Gnana Yagna in Sivananda Gnanalya, Jhansi Laxmibai Road, from Aug. 27.

Ater his discourses, the people of Mysore have evinced great interest in the Gnana Marga taught by Bhagavan Ramana Maharshi as propounded by OM Swamiji. Scores of people have contacted him privately and have discussed the method of realising the One's Self.

Many Sath-Sanghas were held in homes, wherein the Swamiji has brought out the simple path of realisation - the awakening of the sleeping right-heart in every human being which is the message.

The Swamiji is conducting the 25th Gnana Yagna in the City at Sreekanteshwara Temple in Geetha Road, Chamarajapuram, from yesterday. During the course of his discourses, the Swamiji deals about SreeBhagawan's biography, Akshara Manimala, Upadesha Saram, Arunachala Pancha Ratna Sad-Vidya Sukthi-Sudhas and Muktha Trays, to conclude the sacred message of Bhagavan Ramana Maharshi for all to know that the self-effulgent is within themselves, and not in the clouds of the skies.

It is common bickerings of the scientists, technologists, medical men and the professional lecturers in the universities to say that only one odd man knows the "self" to attain Mukthi (Salvation) for himself. And it will not be attainable for common people in general.

This wrong notion will be removed from the minds of those who hear Swamiji's talks for these 10 days.

Let all who are desirous of realising the "self" flock to his talks where they could drink the contents of the Nectar divine. This will purify their struggling mind and find peace for its everlasting solace. Let all the troubled and harassed people know the Truth and get themselves evolved in the heavenly Abode of Bhagawan Ramana Maharshi, Arunachala, to repose in peace eternally. —Thirumalai

The Dasara Exhibition, organised by the Mysore Dasara Industrial and Cultural Exhibition Committee, was inaugurated this morning by Smt. Chikkamanni D. Devaraj Urs.

Smt. Chikkammanni performed the pooja of Goddes Chamundeswari and declared open the exhibition.

Industries MinisterAzeez Sait, who presided, congratulated the committee for reviving the Dasara festivities, including the procession. The Minister said the Government had not given any financial assistance to the committee for conducting the festivities. The committee had taken up the entire responsibility.

General Secretary D. Jayadevaraje Urs said that Vice-President B. D. Jatti had been invited to take salute at the torch-light parade on the Vijaya Dasami Day.

Some of the noted artists participating in the exhibition cultural programmes are Dr.Balamurali Krishna, Parveen Sultana. Yamini Krishnamurthi, Vyjayanthimala, Ranga Rao and Master Hiranniah, he said.

RAIN MARS DASARA PROCESSION

Mysore, Oct. 12

The colourful and orderly Dasara procession was marred by an hour-long downpour yesterday.

Inspite of the heavy rain, which started immediately after the procession of the idol of Goddess Chamundeswari had started from the Palace, an estimated crowd of about three lakhs witnessed the procession.

Although the number of people who had assembled about half an hour prior to the procession was poor, compared to the previous records, more people thronged to witness the parade as the procession started from the Palace. The crowd was thickest at K.R. Circle.

The decorated elephant "Drona" carried the idol on its back in a decorated wooden howdah, instead of the usual golden howdah. The 43-year-old elephant walked majestically carrying the idol in the procession.

Vice-President B.D. Jatti inaugurated the procession at the Balarama Gate at 3 p.m. Smt. Sangamma Jatti performed pooja to the Nandi Kamba, the first item of the procession. Sri Jatti was received among others by Messrs F.K. Irani, D.T.S. Rao, D. Jayadevaraje Urs, H. S. Rao of the Dasara Exhibition Committee and other officials.

Sri Jatti said that the Dasara festivities had risen to the national level since it indicated the emotional integration of the people.

Sri Jayadevaraje Urs performed pooja of Goddess Chamundeswari, following which the procession with the elephant Drona began from the palace. There was a 21-gun salute.

Besides cultural troupes, band sets, home gaurds, elephants and eight tableaux, the procession included the golden palanquin, "Pooja" horse and "Pooja" elephant.

At an impressive 75-minute torch-light parade at Banni Mantap, Sri Jatti inspected the parade and took the salute. The parade was commanded by Sri Mariba Shetty. There was also PT demonstration and fire works display.

Revive Dharmic Values Jatti's Call

Mysore, Oct. 13

If India had to be the leader of the world it was necessary that its culture and philosophy should be revived, Vice-President B.D. Jatti said on Wednesday.

Laying the foundation stone of the administrative block of Mysore Lac and Paint Works, Sri Jatti said that by material wealth alone we would not be happy and get bliss or 'Ananda'. India was respected in the West because it had dharmic, spiritual and moral values.

He regretted that of recent there was an increasing tendency to copy the west and indifference towards dharmic and spiritual values. The blind imitation of the west should be given up, he said.

Industries Minister Azeez Sait, who presided, warned officials of State undertakings who were ignoring the Government order to make their purchase from the sister concerns with a view to encourage the industries in Karnataka. If they continued to defy the Government order, they would be held responsible and answerable to the Government, he said.

EMS Sees Unity Of Leftist Forces

Mysore, Oct. 14

The emerging new trend in the Indian politics today was the coming together of the working class, including the middle class employees, irrespective of their party affiliations, on socio-economic problems, Communist Party (Marxist) General Secretary E. M. S. Namboodiripad said here today.

Delivering a lecture on the "Emerging Trends in Indian Politics", under the auspices of the Mysore University, he said that as far as policies were concerned there was no difference between those followed by Prime Minister Morarji Desai and Smt. Indira Gandhi.

People hoped that the Janata Party, which came to power after the misrule of the Congress headed by Smt. Gandhi, would at least tackle their basic problems. But they had realised now that both the Janata and the Congress (I) could not solve their problems. This failure was creating a serious crisis, he said.

Sri Namoodiripad said that under the circumstances he saw no other alternative but a complete overhauling of the economic policies. Since both the parties had not been able to tackle the basic problmes, it was necessary that the policies should be completely overhauled and he was happy that the leftist democratic forces were coming togeteer for the purpose. He hoped that the peasants also would come together soon so that a new order could emerge.

Party Achievements Should Be Poll Issue

Fernandes Tells Party Workers

Mysore, Oct. 16

The achievements of the Janata Party over the last 18 months and of the Congress (I) over the last 30 years, particularly of the 11-year period of Smt. Indira Gandhi, should be the issue for the crucial Chickmagalur by-election, Industries Minister George Fernandes, who is the chief campaign manager for the party, told the party workers here this afternoon.

Addressing the party workers at Town Hall, he said that the criticis of the Janata Party were making the internal differences of the party a big issue, instead of speaking of the achievements or the programmes of the Janata Party.

Detailing the achievements of his government in various spheres, Sri Fernandes said that the differences in the party were natural because five or six parties with different ideologies had come together and formed the party on democratic lines unlike the autocratic party of Smt. Gandhi.

While six different political parties had come together, the Congress party had split into three during the period after the coming together of the six parties and the formation of the Janata Party. This was what Smt. Gandhi had achieved in her party, he criticised.

He appealed to the party workers to come in large numbers to Chickmagalur for canvassing for the party candidate particularly in rural areas.

The campaign would be inaugurated on Oct. 18 at 5 p.m. by Janata Party President Chandra Shekhar at Chickmagalur. The campaign would be inaugurated simultaneously at 100 other places in the constituency, Sri Fernandes said.

City General Secretary Vedantha Hemmige welcomed and Sri C. Ramesh proposed a vote of thanks. The padayatra was cancelled since Sri Fernandes had to proceed to Chickmagalur immediately after addressing the party workers.

Earlier, inaugurating a seminar on the development of small scale industries in the backward areas, under the auspices of the District Small Scale Industries Association, Sri Fernandes stresses the need for a "cultural change" at all levels in the country to bring about socio-economic changes.

INDIRA'S VICTORY CERTAIN

Mysore, Oct. 20

Revenue Minister B. Basavalingappa expressed his confidence here today that Smt. Indira Gandhi would win the Chickmagalur by-election to the Lok Sabha against Sri Veerendra Patil, Janata Party candidate, by a margin of 2½ to 3 lakh votes.
